Technology, driven.

Whatever the destination, the Odyssey is loaded with engaging state-of-the-art features to ensure that everyone enjoys the journey.

Odyssey Elite (below) shown with Gray Leather.

*Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.

8-Inch Display Audio
By making content including news and audiobooks accessible* from our highest-resolution Display Audio screen yet, you're never far from the info you want (EX and above).

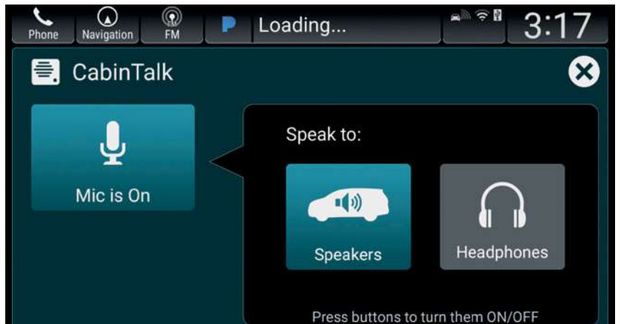
Driver Information Interface
The easy-to-read Driver Information Interface is right up front, ensuring that the information you want is always at the ready.

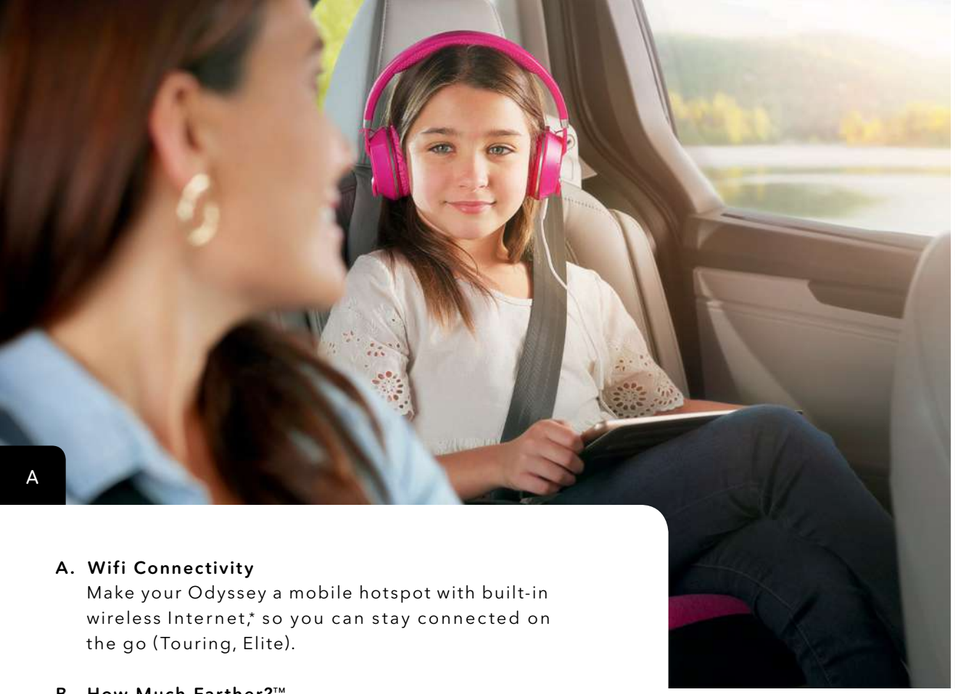
Heated and Ventilated Front Seats
While available heated front seats keep occupants warm on cold days, both the driver and front passenger can also enjoy the added benefit of ventilated seats (Elite).

CabinWatch™
Infrared LEDs and a ceiling-mounted camera allow you to check on your rear-seat passengers by viewing the Display Audio screen up front (Touring, Elite).

CabinTalk™
A first for any Honda vehicle, CabinTalk allows the driver to mute any media coming from the vehicle's speakers, headphone jacks and wireless headphones so they can converse with 2nd- and 3rd-row passengers (EX-L Navi/RES and above).

Odyssey Elite shown with Beige Leather.
CabinWatch screen image simulated.





A. Wifi Connectivity
Make your Odyssey a mobile hotspot with built-in wireless Internet,* so you can stay connected on the go (Touring, Elite).

B. How Much Farther?™
Another kid-friendly innovation, the How Much Farther? app provides a fun way to track mileage and travel time to a final destination (EX-L Navi/RES and above).

C. HondaVAC®
With a long reach and removable waste bin, this built-in vacuum makes it easy to clean up the entire interior (Touring, Elite).

D. Streaming Apps
Access popular online content seamlessly (EX-L Navi/RES and above).

E. Premium Audio System
Eleven premium speakers including a subwoofer are constructed for increased durability at higher output, delivering crisp, clear sound no matter where you sit (Elite).

F. Wireless Phone Charging
This hassle-free charging pad is compatible with many phones and is sized for even the largest of them (Elite).

G. Blu-ray™[1] Rear Entertainment System
Passengers in the 2nd and 3rd rows enjoy engaging content on a 10.2-inch screen thanks to a Blu-ray/DVD player (EX-L Navi/RES and above).

*Requires AT&T data plan. LG G6 is not included. CabinWatch screen image simulated. Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.

A. Hands-Free Power Tailgate
Let the kids help you load up your Odyssey with convenient hands-free access that allows you to easily open and close your tailgate with the kick of a leg (Touring, Elite).

B. Wide Flat Cargo Management
Whether you want to fit a 4' x 8' plywood sheet or a giant cooler, the Odyssey has the cargo capacity[2] to help meet your needs.

C. Programmable Height Function
Families come in all sizes. That's why Odyssey comes with a customizable power tailgate that opens to your exact specifications (EX-L and above).

D. Magic Slide Seats
A first for Honda, adjustable Magic Slide 2nd-row seats™ help you keep the peace by quickly separating kids (EX and above).

E. Easy Access
2nd-row Magic Slide seats move to the center and forward, making it easier to reach the children sitting in them. This versatile feature also allows convenient access for 3rd-row occupants (EX and above).

F. Versatile Cargo Space
Removable Magic Slide 2nd-row seats and 3rd-row seats that fold down create more cargo space in case you need to load up.[2]

Street smart.

The Odyssey features a 280-hp,[3] V-6 engine with an available 10-speed automatic transmission and received a 28-mpg highway rating.* With technology that helps keep your drive smooth, you've got a truly refined vehicle that can go wherever life takes you.

Signature LED Headlights
The Odyssey offers distinctive LED Daytime Running Lights (EX and above) with LED headlights (Touring, Elite) that contribute to an upscale design and help provide the sharpest illumination possible.

Intelligent Traction Management
Push the button for SNOW mode and your Odyssey will optimize power and handling for less-than-perfect conditions, allowing you to make your journey with confidence.

Blind Spot Information System[4] (BSI)
BSI uses radar sensors to detect the presence of vehicles to the side of and behind the Odyssey, to assist you during lane changes. Warning indicators alert you if the system detects a vehicle in your blind spot (EX and above).

Cross Traffic Monitor[4]
Sensors at the rear corners of the Odyssey can detect vehicles approaching from either side when backing up. The driver is alerted by an audible chime and arrows in the rearview camera display (EX and above).

Odyssey Elite shown in Deep Scarlet Pearl.

*19 city/28 highway/22 combined mpg rating. Based on 2018 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions and other factors.

At the forefront of safety.

The Odyssey is designed to achieve top ratings from NHTSA and IIHS, and features a full suite of available safety and driver-assistive technologies to help protect you and your passengers.

Collision Mitigation Braking System™ (CMBS™)[5]
This innovative offering can help bring your Odyssey to a stop by automatically applying brake pressure when the system determines that a frontal collision is unavoidable.

Road Departure Mitigation System (RDM)[6]
RDM can determine if you cross over detected lanes without signaling, can provide steering assistance to help you stay in your lane or provide braking to keep from leaving the roadway entirely.

Lane Keeping Assist System (LKAS)[7]
With your hands on the steering wheel, long highway drives are easier with LKAS, which subtly adjusts steering to help keep the Odyssey centered in a detected lane.

Adaptive Cruise Control (ACC)[8]
ACC helps you maintain a set following interval behind detected vehicles for highway driving.

Odyssey Elite shown with Gray Leather.
CabinWatch screen image simulated.

Built for what-if.

Even the most attentive of drivers can get distracted. That's why we've equipped the Odyssey with features designed to help protect you and your most precious cargo.

Vehicle Stability Assist™ (VSA®) with Traction Control
VSA helps you stay on course in the event of an understeer or oversteer condition by braking individual wheels and/or reducing engine power to help restore your intended course.*

Knee Airbags
Knee airbags are designed to help properly position the driver and front passenger to take advantage of other vehicle safety features during a collision sufficient to deploy the front airbags.†

Advanced Compatibility Engineering™ (ACE™) Body Structure
The ACE body structure is a Honda-exclusive body design that enhances occupant protection and crash compatibility in frontal collisions.

Multi-Angle Rearview Camera[9]
Back up with confidence thanks to the multi-angle rearview camera with guidelines, standard on every Odyssey.

Odyssey Elite shown in Obsidian Blue Pearl.

*VSA is not a substitute for safe driving. It cannot correct the vehicle's course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver.
†Honda reminds you and your passengers to always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in the rear seat.

Personal touches.

Manufactured to the same strict standards as Honda vehicles, Honda Genuine Accessories are the perfect way to personalize and protect your vehicle. Please see your Honda dealer for details and a complete list of accessories.

[1] Blu-ray™ is a trademark of the Blu-ray Disc Association [2] Carrying too much cargo or improperly storing it can affect the handling, stability and operation of this vehicle. Follow applicable load limits and loading guidelines. [3] 280 hp @ 6000 rpm (SAE net). [4] The systems are not a substitute for your own visual assessment before changing lanes or backing up, and may not detect all objects, or provide complete information about conditions, behind or to the side of the vehicle. System accuracy will vary based on weather, size of object, and speed. Driver remains responsible for safely operating vehicle and avoiding collisions. [5] CMBS cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. System designed to mitigate crash forces. Driver remains responsible for safely operating vehicle and avoiding collisions. [6] Road Departure Mitigation only alerts drivers when lane drift is detected without a turn signal in use and can apply mild steering torque to assist driver in maintaining proper lane position and/or brake pressure to slow the vehicle's departure from a detected lane. RDM may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. [7] LKAS only assists driver in maintaining proper lane position when lane markings are identified without a turn signal in use and can only apply mild steering torque to assist. LKAS may not detect all lane markings; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. [8] ACC cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. ACC should not be used in heavy traffic, poor weather or on winding roads. ACC only includes a limited braking function; driver remains responsible for slowing or stopping the vehicle to avoid a collision. [9] Always visually confirm that it is safe to drive before backing up; the rearview camera display does not provide complete information about all conditions and objects at the rear of your vehicle. [10] For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. Please see your Honda dealer for details. LX

- 280-hp,[3] 3.5-liter i-VTEC® V-6 engine with direct injection
- 9-speed automatic transmission with Shift-By-Wire (SBW) and paddle shifters
- Eco Assist™ system
- Electric parking brake with automatic brake hold
- Intelligent Traction Management (SNOW mode)
- 18-inch light silver alloy wheels
- Daytime Running Lights (DRL)
- Tire Pressure Monitoring System (TPMS)[10] with Tire Fill Assist and location and pressure indicators
- Active shutter grille
- Rear privacy glass
- Security system with remote entry
- Taillights with integrated LED light bars
- Automatic climate control system
- Tilt and telescopic steering column
- Capless fuel filler
- Seating for 7
- Driver's seat with 8-way power adjustment
- Front passenger's seat with 4-way power adjustment
- One-motion 60/40 split 3rd-row Magic Seat®
- 12-volt power outlets (front and cargo area)
- 5-inch color LCD screen
- 160-watt audio system with 7 speakers, including subwoofer
- *Bluetooth*®[11] HandsFreeLink® and streaming audio
- USB Audio Interface[12] (1.0-amp port in center console)
- USB charging port (2.5-amp port in center console)
- 7-inch Driver Information Interface (DII)

Key Standard Features for All Odyssey Models

- Multi-angle rearview camera[9] with guidelines
- Push button start
- Power front-row seats
- 8 airbags
- Hill start assist

EX adds to or replaces LX features

- Remote engine start
- 18-inch silver alloy wheels
- LED Daytime Running Lights (DRL)
- Multi-angle rearview camera[9] with dynamic guidelines
- Honda Sensing® suite of safety and driver-assistive features
- Blind spot information system (BSI)[4] with cross traffic monitor[4]
- Heated power side mirrors with integrated turn indicators
- Auto-on/off headlights with WiperLink
- Power sliding doors
- Smart Entry with Walk Away Auto Lock®
- Fog lights
- Fin-type roof-mounted antenna
- Tri-zone automatic climate control system with humidity control and air filtration
- 2nd-row integrated sunshades
- Seating for 8
- Driver's seat with 12-way power adjustment, including 4-way power lumbar support
- Magic Slide 2nd-row seats™ with armrests and walk-in feature
- Multi-function 2nd-row center seat
- Heated front seats
- CabinControl™ remote compatibility
- 8-inch Display Audio with high-resolution touch-screen and customizable feature settings
- HondaLink®[13]
- Apple CarPlay™[14]
- Android Auto™[15]
- SiriusXM® Radio,[16] HD Radio™[17]
- USB Smartphone/Audio Interface[12] (2.5-amp port in center console)

EX-L adds to or replaces EX features

- One-touch power moonroof with tilt feature
- Memory-linked mirrors with reverse gear tilt-down
- Acoustic windshield
- Power tailgate with programmable height
- HomeLink®[18] remote system
- Automatic-dimming rearview mirror
- Leather-wrapped steering wheel
- Driver seat with two-position memory
- Leather-trimmed seats (front and outboard 2nd-row)
- USB charging ports (2.5-amp ports in 2nd-row)

Powerful. Agile. Versatile enough to handle almost any condition. It's no wonder Honda is the official vehicle of the NHL.®[22]

EX-L N / R adds to or replaces EX-L features

- 12-volt power outlets (front, 3rd-row and cargo area)
- CabinTalk™ in-car PA system
- Advanced Rear Entertainment System with 10.2-inch screen, Blu-ray™[1] player and built-in streaming apps
- 115-volt/150-watt power outlet (front)
- HDMI®[19] Interface
- Honda Satellite-Linked Navigation System™[20] with voice recognition and Honda HD Digital Traffic

TOURING adds to or replaces EX-L N / R features

- 10-speed automatic transmission with Shift-By-Wire (SBW), paddle shifters and idle-stop
- 18-inch machine-finished alloy wheels
- LED headlights and fog lights
- Hands-free access power tailgate
- HondaVAC®
- CabinWatch™ rear seat monitor
- HondaLink®[21] subscription services
- Mobile hotspot capability

ELITE adds to or replaces TOURING features

- 19-inch machine-finished alloy wheels
- Rain-sensing windshield wipers
- Power folding side mirrors
- Heated steering wheel
- Blue ambient LED lighting
- Ventilated front seats
- 550-watt premium audio system with 11 speakers, including subwoofer
- Multi-zone audio
- Wireless phone charger

Whether you buy or lease a Honda vehicle, Honda Financial Services can assist you with the process. Please ask your dealer which lease or purchase plan best suits your needs.

Honda Care® is an affordable, comprehensive vehicle and travel protection plan backed by Honda reliability, service and parts. Please see your Honda dealer for details.

Manufactured to the same strict standards as Honda vehicles, Honda Genuine Accessories are the perfect way to personalize and protect your vehicle. Please see your Honda dealer for details.

All 2018 Honda vehicles – and any Honda Genuine Accessories installed at the time of vehicle purchase – are covered by a 3-year/36,000-mile limited warranty.[23] Plus, Honda cars and trucks are covered by a 5-year/60,000-mile Limited Powertrain Warranty,[23] too. For more information or assistance, see your Honda dealer or please give us a call at 1-800-33-Honda.

24-hour emergency road service is available to you in the United States, Puerto Rico and Canada throughout your 3-year/36,000-mile limited warranty term. Services include jump-starting, flat tire and lockout assistance, towing, and more (limitations apply). Call 1-866-864-5211.

For more information and complete specifications, go to odyssey.honda.com
